

eCollections and Resources

Everything library online! Library apps, eBook and eAudiobook collections, music, movies, online information and online learning.

Click and Collect

Melton City Libraries will be offering a Click and Collect service and Click and Deliver service to library members

Click and Collect

We are offering a Click and Collect service to library members during the lockdown period.

You can borrow anything from our collection, including books, DVDs and magazines. You may select your own items, or we can put together a Book Bundle of library items on your behalf.

To use our Click and Collect service:

1. Place a hold through the [online catalogue](#) or through the [Melton City Libraries app](#). If you are having trouble, please call us and we can place the hold for you.
2. You will receive an email or SMS notification when your items are available. Once you receive this notice, you can book a time to collect your items. Book online using the link in the email or over the phone by calling 9747 5300.
